Police Sergeant Promotional Process - Discussion

Chief Richardson said there is only one applicant for the Police Sergeant Promotional Process, and that applicant does meet the qualifications. He reported that in the last three processes there was only one applicant per process, and stated in the last process, because there was not a meeting and a decision needed to be made, the Clerk of Council had the applicant take a test even though there is no requirement for one applicant to take a test. He said in the last three Sergeant Processes, one person took the test and passed. He noted that it is up to the commission to either instill the noncompetitive rules and recommend the promotion since only one person applied, or the applicant can be instructed to take the test.

Mr. Kempe said the usual process is for candidates to take a test unless there is some undue burden. Mr. Kempe asked if taking a test seems like an exceptionally large burden?

Mrs. Woeste instructed Chief Richardson to have the applicant take the test since testing has been done in the past.

Mr. Kempe said everyone should follow the same rules.

Chief Richardson said he will coordinate a testing date with Ms. Powell and Mr. Vietor.

Entry Level Examination Discussion

Mr. Dunn reported that after doing research on the Groundskeeper position, he is going to ask the Council for approval to move the Groundskeeper position back to the Street Maintenance Worker Position. He explained that this position was great, but since the position was added, a lot has changed with CDL licensing. He said 40 hours of drive time and 40 hours of classroom time is required, and that is a lot to ask of someone working full-time. He said he feels it is best for the City to require applicants to have a CDL in an effort to not have to let a new hire go if they cannot pass the CDL exam. He said this step will require a Table of Organization Chart revision, and once that is taken care of he will return to the Merit System Commission to hire a new Entry Level Street Maintenance Worker.

Mrs. Woeste confirmed with Mr. Dunn that technically he is changing the job description and going back to what the Division had previously. She asked if the CDL requirement is the only change in the two positions?

Mr. Dunn said the Groundskeeper position's requirements were mainly to take care of the grounds and flowerbeds around all the City facilities. He said there will still be an employee who performs those activities who will also have a CDL so that person will be able to be used throughout the whole department. He said currently all employees in his division have a CDL. He said he will keep the commission informed.

Rule 2 Amendment - Second Reading

Law Director Martina Dillon noted this is the second reading of the Merit System Commission definition of Appointing Authority. She said what was recommended and approved at the First Reading was to strike the definition of Appointing Authority as it currently reads and replace with the following language: The appointing authority is authorized by law to make personnel appointments to City positions. The City Council is the appointing authority for the City Manager, Clerk of Council, Director of the Department of Finance, and Director of the Department of Law. The City Manager is the appointing authority for all other City positions."

Mr. Kempe moved to accept the changes as read; Mrs. Woeste seconded the motion.
